ICT Games

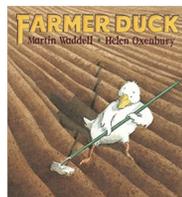

Reading

How it works:

Your child's home reading book will be changed when finished and a comment has been written in their record book. Your child is encouraged to put their book in the Reading Book box if they want it changed in the week. However, they are all changed on a Thursday for RP and on a Friday for RB. Please encourage your child to discuss the pictures and identify any familiar words and sounds. Here are some examples of useful questions:

- ☺ What do you think is happening in this picture?
- ☺ How does that character feel?
- ☺ What do you think might happen next?

This half term your child will be reading these books in class this half term!

Homework Packs

How it works:

Alternative maths and English homework will be sent home on a Friday and will be in your child's homework pack. It is due back the following Friday.

The homework will be based on your child's learning each week.

Tricky Word Books

Your child now has a Tricky Word Book which is to be kept in their book bag. We encourage you to read the words with your child in the week so they learn to read them by sight. The children can start to write the words in their book once they can read them. Once your child can read all the words in their set, we will give them the next set. We will go through the Tricky Word Books with the children every other Tuesday.

Our Topic is:
Keeping Fit and
Healthy

Half Term Homework

How it works:

This voluntary mini project is to be completed and handed in after half term on Tuesday 26th February.

Design a poster on keeping fit and healthy.

Think about:

- What exercises can you do to keep fit?
- What foods can you eat to keep healthy?
- How many times do you need to brush your teeth each day to keep them healthy?
- How much sleep do you need to get to keep healthy?

CHALLENGE: Write sentences about the pictures on your poster.

You will gain 10 house points if you complete this project!
