Maths

How it works:

Maths homework may be set each Friday. It is due back the following Wednesday.

If you have completed your maths homework, have a go at one of these. You will gain ten house points for each one you try.

I am thinking of two numbers.

I multiply it by 3.

I add 56 to my answer.

I subtract 100 from my answer.

I get -35. (negative 35)

What number did I start with?

Laura is on a bus. $\frac{2}{5}$ of the people on the bus are girls. Half of the girls are wearing their hair in a pony tail.

There are 7 girls with their hair in a pony tail.

How many people are on the bus?

$$2y + 3t = 16.$$

$$t = 2.$$

Use the equation above to work out the value of m below:

$$4y + 2m + 10 = 46.$$

Accelerated Reader

At Cotteridge Primary School, we want our children to appreciate how valuable and rewarding reading can be. As part of the AR program we will be rewarding pupils for their individual successes during this process. Raffle tickets for successful quizzes as well as certificates for the number of books read can be earned throughout the year. There is also an ultimate goal, to be a "Cotteridge Million Word Reader". This is calculated by the number of words in each completed book being added together.
