Parent Forum

Dear Parents,

I would like to invite you to the next Parent Forum meeting on Tuesday 29th January at 5pm. The theme of the discussion will be the school curriculum. We have chosen this topic because, in the next few weeks, the Senior Leadership Team will start to plan timetabling and curriculum provision for September. It will therefore be very useful for us to glean parents' thoughts about how we teach each subject. The discussion will cover the quality of education within each subject, along with additional programmes that enhance the curriculum such as Forest School, Philosophy for Children, Science Week and Arts Week.

I warmly invite you to join us at on January 29th to help us consider ways to improve our school further.

Yours Sincerely,

J. Leonard
