

Dear parent/carers,

As part of our development of maths fluency and number recall, we have introduced Key Instant Recall Facts (KIRFs) each half term for each year group. These are number facts the children need to recall fluently. In school, within the mental maths sessions, one objective will be practised for each half term in order for children to embed and learn the facts quickly and deeply.

In order for the children to practise these at home as well, we are providing you with an information sheet, which explains the KIRF in more detail, with examples of what it looks like, games to play and websites to visit. The idea is that you can help them recall the facts little and often and work with us to ensure our children are as fluent with recalling number facts as they can be.

Many thanks,

Mrs Pickering -Ernst

Assistant Headteacher and Maths Lead
